Minutes December 8, 2020

PRESENT By ZOOM: Hilton Turner, Isaac Dworskey, Justin Boyce, Richard Larrabee Jr, ~~Ryan Larrabee~~, Evelyn Duncan
PUBLIC By ZOOM: Donna Brewer, Dana Webb (Harbormaster)
ABSENT: George Stevens

- ITEM 1: Duncan read the minutes of October 13, 2020 Moved Turner second Duncan
To accept as amended Vote 4-2-0 via Zoom
No November meeting held
- ITEM 2: Finances Fish Pier Duncan reports
Year to date the Pier is showing a \$ 33,850.00 profit. Two new buyers paid their \$ 5,000 fees. She does not have a monthly only statement. Turner informs the Board that monthly finances are therefore tabled
Finances Harbor Duncan reports
Year to date Harbor is showing at \$29,865.00 profit. A total of \$ 12,029.00 has been collected in Exise taxes and \$ 60,400.00 in mooring fees to date. The monthly report shows little activity as far as expenses and those are all normal. Moved Duncan second Turner to accept the monthly finances.
Vote 6-0
- ITEM 3: Old Quarry dock permit DEP. Duncan will include a copy of the map with other information for the Board to pick up Wednesday. Turner informed the Board that he had gone out to the site and did not think the dock extension would be a problem to current navigation patterns. He did not feel that any moorings should be set West of the dock only East. Any mooring boat size must be approved by the harbor master. Question as to whether new owner can have moorings as thought rule was you could sell the equipment not the space, space should go to waiting list requests. Larrabee did not think their was a waiting list because of the moratorium on moorings in this harbor. Duncan requested that any Board member having additional input to contact Kathleen at the Town Office so she can pass on comments to DEP.
- ITEM 4: Bob Brewer aquaculture lease. Duncan read the scoping session request to the Board. Lease is 3.26 acres for 20 years located East Penobscot Bay southwest of Andrews Island. Donna Brewer got husband on Zoom to answer questions. He stated it was the same as it has been in the past that it is an underwater line 600' long well marked with buoys and it does not interfere with fishing nearby. Moved Boyce second Larrabee that Board has no problems with lease application Vote 6-0
- ITEM 5: Buyers station removal
The station has been on the pier for over 20 years. Larrabee reported that it was in rough shape. Should it be repaired, removed, or destroyed? Duncan

reported that it was brought up by one of the Selectmen that because of the now presence of fork trucks that the station was not needed as it was before. Boyce brought up that the controls were on the station unlike the rest of the hoists and would have to be moved and that the controls were backward to the other hoists and would have to be changed for consistency and that hoist is push button and should be key like others. Dana Webb agreed that these operation changes should be made. Mostly a Stanley job. Because it is presently being used it was suggested that time should be given before any action should occur. Moved Larrabee second Boyce to remove the station in March of 2021. Vote 5-1 (Turner opposed)

- ITEM 6: Harbormaster report
Webb reported no significant problems, he had to replace a hoist rope. The new hoist seems to be working well, not fast but steady.
Duncan reported that Kathleen is still interviewing for a harbormaster.
- ITEM 7: 2021 Budget Duncan to include first draft page for Budget in the packet for Wednesday pick up for Board to study
- ITEM 8: Ordinance Duncan explained that she had requested written suggestions for any ordinance changes so that she could give same to the Board. She gave the Selectman a copy of the draft the Board had given her to give to the Selectboard. Travis Fifield has given a written ordinance the rest of the Selectboard has not to date. Duncan has combined Fifields suggestions with the original ordinance and the Boards suggestions. Duncan will make copies for the packet. The original is in black print the Boards suggestions in red and Fifields in yellow. If additional suggestions come in she will try to get them to the Board.
- ITEM 9: Turner has requested that the Board meet again next Tuesday to go over the Budget and the Ordinance only.

Meeting adjourned 7:00PM

Respectively submitted;

Evelyn K Duncan
