

Stonington Sanitary District (SSD)

PO Box 175, Stonington, ME 04681

Telephone # 207-367-5161

-SSD Permit Application for an Existing Structure-

IMPORTANT – PLEASE READ CAREFULLY: A SSD Permit must be obtained prior to submitting a Town Building Permit Application, Plumbing Permit Application and/or Change of Use Proposal if such building is served by the SSD or within the SSD’s boundaries. This also applies to any private sewer or drain, which directly or indirectly, is connected thereto or is carrying wastewater, commercial or industrial waste at any point within 200 feet of a sewer main of the SSD or within its boundaries.

Property Owner: _____

Location of Property: Tax Map _____ Lot Number _____

Local Street Address: _____

Written description of Proposed Work must be attached to this application and **must include existing and proposed** floor plans and any **Change of Use** of the present structure, if applicable. A Property Boundary Sketch showing the location of all **existing and proposed** structures must also be attached.

Please indicate and attach other document(s) that are to be filled with the Town:

- Building Permit Application
- Plumbing Permit Application
- Subsurface Wastewater Disposal
- Change of Use Proposal
- Shoreland Zone Application
- Subdivision Proposal

A \$25.00 Application Fee is charged. After-the-fact Application fee is \$250.00. Payment must accompany permit applications. Please make check payable to: *Stonington Sanitary District*.

Please Take Note: If your application requires the installation of a septic tank to be connected to the SSD system, a **Pipeline and Septic Tank Easement** must be signed once the plumbing inspector has approved the installation. Also, all applications must be approved, before the SSD Permit is valid.
