

HARBOR COMMITTEE
MINUTES AUGUST 13, 2024

PRESENT: Hilton Turner, Justin Boyce, Issac Dworsky, Cory Webb, Dean Eaton,
Richard Larrabee Jr

PUBLIC: Evelyn Duncan (Selectman's Rep) Dana Webb (Harbormaster)

ITEM 1: Minutes July 2024 Moved Boyce second Dworsky to accept Vote 4-0-2

ITEM 2: Financials Harbor Moved Dworsky second Boyce to accept Vote 6-0
Pier Noted that diesel sales picking up but still behind
last year Moved Boyce second Webb to accept
Vote 6-0

ITEM 4: Harbormaster report The # 4 hoister has been repaired.
Robert Matt Hardy wants the family mooring in
Allen Cove. Webb has requested a paper family
trail to make sure he can have the mooring before
doing the paperwork

ITEM 5: Duncan informed the Board that the lawsuit at the Pier is in the process
of being dropped.

ITEM 6: Board went over the engineer's drawings regarding Seawater rise.
They agree that installing culverts for open passage to the marsh on the
Oceanville Road is a good idea.
They had no opinions on Fifield Road project
They suggested that the 80-foot ramp on the Odd Fellows drawing would be hard to
remove and store during the winter months. They suggest that pilings be
installed on either side of the ramp around 1/2 to 2/3 point with cross member
attached. A block and fall could be attached to the cross member and the
ramp raised above water level for the winter. The float could be stored
possibly at Colwell ramp like that existing float is stored.

ITEM 7: Duncan reported that the Selectboard had discussed short term Transporter
Permits and there was no opposition. A suggestion that if more than one
species was involved then maybe extra fee of \$100 month. Board
did not think there should be extra fee as present Transporter permit allows
more than one species to be landed. Duncan to take back to Selectmen.
Board stated Urchin season is coming and maybe could sell a permit.

Respectively submitted;

Evelyn K Duncan, Secretary
